

MRC's Mining Group is focused on one objective:

Mining Staffing

We are ready to tackle any Mining staffing needs you may have.

- MRC has a highly successful 25+ year track record in Mining Search at all levels, in all professional disciplines, nationally and internationally.
- We have developed one of the most extensive proprietary global databases in the Mining Industry - from board and executive management to managerial, supervisory and technical professionals.
- MRC utilizes a variety of strategic and focused advertising vehicles for all of our search assignments; our objective is to explore the largest possible universe of potential candidates for our clients.
- We have the necessary expertise to consistently conduct searches that result in timely, productive and mutually satisfying high-potential placements.
- We will work with our Mining Clients on a retained or contingency basis depending on the urgency and level of the assignment.

We look forward to partnering with you!
